<b>Purpose of Performance Measure</b>	<ul style="list-style-type: none"> <li>• The purpose of this performance measure is to identify the number state-level multi-component physical education policies for schools developed and adopted by the state that support the following: mandate/requirement for physical education to be taught at elementary, middle, and high school levels; strong teacher qualifications for all grade levels; no substitutions for physical education class participation; no waivers/exemptions for physical education class participation; adopted standards for physical education; requirement for those who teach physical education to participate in continuing education/professional development to maintain/renew licensure or certification (see CDC’s School Health Guidelines to Promote Healthy Eating and Physical Activity).</li> </ul>
<b>Results Statements</b>	<ul style="list-style-type: none"> <li>• In the US, CDC funded grantees, working with and through other partners and decision making bodies, developed and adopted policies, through either individual or comprehensive (to include more than one component noted above) legislation/policy/regulation/mandate, to support quality physical education in schools and for students.</li> </ul>
<b>Definition of Terms</b> ( <i>Key concepts defined</i> )	<p><b>Multi-component physical education policy:</b> A single policy <i>or</i> multiple policies that indicate, at a minimum, a state has requirements for: teacher qualifications; substitutions, waivers, exemptions; providing physical education at all school levels; professional development/continuing education requirements for all who teach physical education.</p> <p><b>Quality physical education:</b> consists of four main areas: 1) curriculum, 2) supportive policies and environment, 3) instruction that keeps students physically active for at least 50% of class time, and 4) student assessment. Ideally, physical education should be required daily for students in grades K-12 with 150 minutes/week for elementary school and 225 minutes/week for secondary school.</p> <p><b>Waivers/exemptions:</b> A policy or practice that allows or enables students to not participate in physical education class for a specified reason (e.g., participation in school or community sports team).</p> <p><b>Substitution:</b> A substitution policy or practice indicates that a state, district, or school will allow students to substitute a different subject or activity for physical education</p>
